

ELAST TOOL F01

Difficult, but not impossible: In some Ford and Volvo engines elastic multi V-belts cannot be fitted using universal tools - the belt slides off the water pump's flangeless pulley in the process. ELAST TOOL F01 offers workshops the right special tool for the job. This can be used to replace the alternator belt without problems in the Ford Focus, C-Max and Mondeo 1.4/1.6-liter petrol engines and Volvo S40, C30 and V50 1.6-liter petrol engines.

The second, shorter belt - for the air-conditioning compressor or the servo pump, depending on the car - can be changed using the fitting tool from the relevant Multi V-Belt + Tool Kit or the UNI TOOL ELAST universal tool.

Contents

- > Fitting tool for fitting on the water pump pulley
- > Hoop guard for the crankshaft pulley
- > User guide

Benefits

- > Prevents damage to the belt or belt pulley
- > Installation in accordance with manufacturer's specification
- > 5-year guarantee:
