

Timing Belt Kit + Water Pump

The experts know that in the case of engines in which the timing belt also drives the water pump, the pump should also be replaced when the timing belt is changed. The Timing Belt Kit + Water Pump makes this job easier, because it contains all the parts needed for the replacement - belt, water pump, pulleys and whatever small parts are required by the relevant vehicle type. Water Pumps by Continental feature mechanical seals made of carbon and silicon carbide and long-lasting integral shaft bearings. The precisely shaped tooth profile of the toothed pulley conserves the timing belt and ensures that it can transmit power synchronously.

Contents

- > Timing belt
- > Water pump, if necessary with seal
- > Tensioning pulleys, idler/guide pulleys, tensioning damper
- > Small parts such as screws, nuts and springs
- > Hard-wearing change sticker

Benefits

- > Timing belt made of top-quality synthetic rubber and hard-wearing polyamide fabric with fiberglass tensile member twisted anti-clockwise/clockwise
- > All the required parts in one box
- > 5-year guarantee:
